Expansion

In addition to more users and storage space we provide Office & Creative Connect, Smartview, our brix:anura portal solution and CMS connectors.

Immediately ready. Reliable. Swiss DAM on demand.

easyDAM.ch offers your business the unique opportunity to leverage professional Digital Asset Management with CELUM technology easily and inexpensively – no matter if you just need 10 GB or require several TB. Hosted as SaaS in a renowned swiss hosting center.

- Organize and control your multimedia assets (pictures, graphics, documents, layouts, audio- and video files, text-objects etc.) in a central, structured system.
- Distribute your media content quickly and efficiently at the right time and in the appropriate format to your target audience.
- Take advantage of the seamless integration with Microsoft Office applications and the Adobe Creative Suite.
- Use our portal solution brix:anura for a seamless integration into your website.
- For direct use of assets within your CMS we provide connectors for WordPress, Typo3, Drupal and Magnolia. The offer is constantly being expanded.
- Save time and costs without large capital investments.
- Swiss Quality Hosting by Slynnet in the Green Datacenter in Lupfig.

With easyDAM.ch you are in full control of you multimedia assets. The best part: After the one-time setup fee you only pay for what you really use and only for as long as you are using easyDAM.ch. You may cancel your subscription annually.

easyDAM.ch is ready to use and will help you with all your business processes involving digital media content. Find your assets in no time and gain time for the important things. Use this time for editing, sharing and distributing your assets.

Are you in need of a professional DAM system based on the powerful CELUM technology? Order your easyDAM today!
